ROCK: Modern Rock, POP: Today's Top 40 Details: Dana Meredith is a singer/songwriter from San Diego, CA, who has been hailed as a "vocalist with a very progressive sound". The product of two musically talented parents, her father an accomplished clarinetist and her mother a big band singer, Dana displayed much innate musical ability early on. During her formative years, she honed her skills while attending San Diego's "School of Creative and Performing Arts" and discovered that she was destined for a career in music. "My songs are pretty simple", says Dana, "The music is about being real and just telling it like it is...at least from my perspective. My hope is that people can relate to what I'm saying and feel a connection to their own lives". Dana's lyrics are raw, deep and to the point. She paints pictures with her words and you can't help the urge to look, listen and feel the emotions swirling within the music. Her songs run the range of life's experiences - from pleasure to pain, anger to fear, joy to sorrow...and as a listener you're invited on the journey with Dana every step of the way. Aptly titled "A Life In The Day", Dana's debut CD is a compilation of songs that really brings the "human experience" to the surface and shows how it manifests in our day-to-day lives. Last year, Dana was selected as one of the top 100 female vocalists in the U.S. to be showcased in the "Best New Talent Search", which was held in Los Angeles, California. In addition, she has received interest from several major production companies looking to place her songs in various upcoming film and television projects. Dana is currently organizing a benefit concert on behalf of a local women's charity, which assists victims of domestic abuse and their children. The concert will be in San Diego, California this September and will feature an all female line-up of talented "indie" artists. Stayed tuned for more details!! Dana Meredith is truly a remarkable

up-and-coming singer, songwriter and performer, who is making her mark on today's music scene. Look for her!
