Echoes of Dixieland, folk and mountain bluegrass with flashes of rock, pop and jazz. 22 MP3 Songs
COUNTRY: Americana, ROCK: Folk Rock Show all album songs: All Sides Songs Details: Hey Doug Kwartler, Bruce Hornsby calling This was the last thing New York based singer / songwriter and producer Doug Kwartler expected to hear on his answering machine after coming home from a very unmusical afternoon shopping for a grill with his wife and 2 year old daughter. Yet over 3 weeks after he had sent the legendary pianist and composer his version of Hornsbys On the Western Skyline, there it was. Musics other Bruce was just calling to compliment Doug on his interpretation and liked it so much that he said that he might just do it the way Doug did it on his next tour. On Sept. 19th, 2007, Kwartler released a double cd, his 3rd solo record on Hollow Body Records, called All Sides. Needless to say, his version of On the Western Skyline made the cut! Kwartlers last cd, Silver Meteor was named one of the top 10 records of 2004 by alt.country.nl. The Austin, Texas based Pop Culture Press called the songs on Silver Meteor, as honest as they are haunting and wrote The lyrics are fantasticKwartler does a masterful job escorting the music through the songs. Look for upcoming tour dates up and down the east coast in support of the new record. Audio (including Dougs version of On the Western Skyline) and video is available at myspace.com/dougmusic and dougmusic.
