Folk, rock, country and blues, defies categorization. 12 MP3 Songs FOLK: Modern Folk, ROCK: Folk Rock Details: Folk - Rock - Country - Blues That's what it says on my business card. I have been singing and performing for over thirty years. I have been writing songs of my own for almost as long. My wife calls it my hobby. It is not, it is my life, I must sing, I must play guitar and I love to perform! My favorite artists are Bob Dylan, Neil Young, John Hiatt, Steve Earle and Pete Seeger. For my 50th birthday I decided to record as many of my own songs as possible and release a CD with the first dozen completed. These songs were digitally recorded in my home studio during the long New Hampshire winter of '04 / '05. This is primarily an acoustic album. Some of the lyrics are funny, some are sad. I sing about my hope, dissapointments, anger and love, and it's all the truth. Instruments used were a Martin J40, a Gibson Les Paul Supreme and a Fender Banjo. These are my songs and I hope you enjoy them.
