

Mp3 Jimi Lundy - Steal My Heart

[DOWNLOAD HERE](#)

Jimi Lundy music are good pop songs with catchy melodies. Includes the very popular song, 'Steal My Heart' and 'Fade Away'. Dont miss this cd as it is surely going to be a big hit. 11 MP3 Songs POP: Today's Top 40, ROCK: 90's Rock Details: Born in Battambang, Cambodia. Jimi Lundy grew up in the northern suburbs of Melbourne, Australia since his family arrived in 1983. Over the last fifteen years Jimi has been working extremely hard to make his mark in the music industry and to fulfill a lifelong dream of becoming a successful singer/songwriter. He has completed studies in jazz/popular music, contemporary music and music teaching degrees in Melbourne's top institutions and universities. This debut album, 'Steal My Heart' is a turning point for Jimi, as it depicts his distinctive vocal style and songwriting capabilities together with a collaboration of Melbourne's elite musicians of which Jimi quotes as, 'world class' including Marcel Yammouni John Salerno (Vanessa Amorosi Band), Robert John Sedky (Vivid Karma, Standard Music), Shannon Bourne (Chris Wilson Band) and also features the beautiful voices of Olivia Nathan (Soul Class) and Ken Auriant. Steal My Heart includes 10 original songs written and co-written by Jimi Lundy combined into one well produced album from hot new music company 'Captain Vibe Productions'. As a writer, Jimi strives in relating his songs to normal human lifestyles, including love, heartbreak, friendship and own personal experiences. He tries to reach his audiences with heartfelt lyrics and catchy melodies that will surely hook you, from your first listening. The album features the hit songs, 'Steal My Heart' 'Fade Away' 'Forever Yours' and 'Cambodia'. (have a listen) Cambodia is a song that is dedicated to all Cambodian people all over the world and will also be featured in a new short film directed by Tim Pek called, "The Red Sense' due to be released later in 2005. So, whatever type of music you are into - Steal My Heart is a must have album of 2005 and is great buy for your CD collection.
