World folk / electronic- ambient moorish trance 12 MP3 Songs ELECTRONIC: Ambient, WORLD: World Fusion Details: The Human Innovation Team is the culmination of the some of the best tracks recorded by leehoward over the last 7 years. These are a great set of unheard of musicians ; collaborating and selflessly composing these tracks... who... playing from behind the veil of the unseen, bringing to you this varied and substantive collection of work from the epic artistry of TonePharaoh, Sacred Human Energy, Wish, Lee Howard, and Dwight Loop.... the voices of Irina Mikhailova and Chantress Noor...."this music swings, rocks, peels away, covers up and hides in the quilted fur, is soft, delicate, vulnerable, and abrasive; filled with tears and a poignant mourning..." "I loved it...at first though I wasn't sure what to make of this: many emotions, very much a human touch applied to the structure and focus of this work... not your usual electronica album ...there is this quiet ancientness to these tracks...yet, still a music seeking a genre...a genre still waiting to be birthed; this is the document of the first discovery..."Messages " is a diamond, a brilliant track ...leehoward is a musical alchemist, bringing this disparate group of players together, creating an alliance amongst them: a musical alliance.."
