This is hot smooth CD that the ladies will love. Hip hop of today with a little old school feel 6 MP3 Songs
URBAN/R&B: R&B Rap mix, HIP-HOP/RAP: Old-School Rap Details: Montreal native Malicious (a.k.a Mr. Malish) is no stranger to the so-called game. The unassuming rapper (of Barbadian descent) was already making waves at age fifteen, when he won a freestyle challenge, over hip hop icon Jeru The Damaja, bringing him rave reviews in *The Source* and catching the ear of industry heavyweights, like Russell Simmons. He writes and produces all of his material and recently finished putting the finishing touches to his debut album, *Music Starts With M* which is due out late 2007. Malicious has two singles under his belt from the upcoming full-length. The debut single/video *Heavy M-T-L (Heavy Metal)/Yuk* spent six weeks in the Top 5, on the RapCity countdown, as well as receiving regular rotation on Much Music heavy on Much Vibe..The follow up *Heatwave*, again received strong support at Much Vibe, as well as radio support at stations like FLOW 93.5. Malicious is ready for the payoff! Constantly proving his worth, one only has to check out his My Space (myspace.com/mrmalish), which has accumulated over 200,000 hits and counting. Selfishly holding down the new sound in hip hop, its hard for your rappers favorite rapper to find down time in his busy schedule, but he tries to get to his property in Barbados as often as possible. There, hes able to write and rejuvenate. *Now*- feat. Shaharah Produced by Mr Malish This track has a 90's vibe with a modern day bounce. Malicious puts the aggressive rhymes aside and gets play full for the ladies. The story behind this song sees Malish pursuing a P-Y-T(pretty young thing) letting her know he needs her NOW! Complemented by the smooth and sexy sounds of Shaharah "*Now*" has the ability to just take you away. *Breakfast* Produced by Mr Malish Find yourself taken back within the first ten seconds of this song. The perfect blend of Slick Rick and LL Cool J, Malicious rides this hypnotizing beat to a Tee. Taken from the view point of a man entranced by beauty. "*Breakfast*" lets the ladies know you want them

for lunch, dinner and breakfast. Reign Produced by Mr Malish Raise the roof and lets go! This energetic aggressive joint clears all doubt you might have about Malicious hunger. Attacking the beat from all angles Reign reveals M's darker side as well as his plans for the future "Imma Reign, Reign forever"
