The Kama Sutra (also spelled Kamasutra or Kamasutra; Sanskrit:) is an ancient Indian Hindu text widely considered to be the standard work on human sexual behavior in Sanskrit literature written by Vtsyana. A portion of the work consists of practical advice on sexual intercourse.[1] It is largely in prose, with many inserted anustubh poetry verses. "Kma" means sensual or sexual pleasure, and "stra" literally means a thread or line that holds things together, and more metaphorically refers to an aphorism (or line, rule, formula), or a collection of such aphorisms in the form of a manual.
