A singer/songwriter who can actually sing. 8 MP3 Songs FOLK: like Ani, FOLK: Folk Pop Details: Can I quit my dayjob yet? Hi, my name is Andrew and I have been writing music for 5 years now. I just moved to Seattle because I've been pondering that question above for a long time and I'm ready to move forward. I have always been interested in music. Everyone in my family played music, except my mom :), and I wanted to be able to sit in and play with my dad, brothers and sister. I am the youngest of four kids so I had a chance to listen to alot of different music from my older siblings. From Tori Amos, to Metallica, to John Prine, and Ani Difranco. When I decided to play guitar it was my dad who first sat me down and helped me through that first wall (How the hell do you get your fingers to do that?!?) and since then Ive been lucky enough to sit in with dozens of patient and amazing teachers and it's only recently that I've felt comfortable enough to get out there and play MY songs! I think my songs pull strong influences from Dave Matthews, John Mayer, and Ani Difranco. I use alot of Major 7ths and alot of intense rhythms to make up for my lack of a drummer. I try to write about anything that I see happening around me. I used to only see things as the people I loved...so thats what I wrote about. But now as I look around me in this beautiful city I have been writing more about people, politics, society, and the big question...what happens after this? Check out the songs, drop me an e-mail at akitzmanfan@gmail.com...I promise to write back (unless your a promoter...please write to akitzman@gmail.com) Thanks for your time...enjoy the music!
