A darkly sensual, organic and evocative musical experience, sophisticated, yet commercially viable. 9 MP3 Songs ROCK: Modern Rock, ROCK: Progressive Rock Details: The nucleus of CHRONIC BLISS is made up of the compositions of Marianne Perback and Jeff Virgo whose combined experience in the music business span from the murky, glamorous clubs of New York City to the Theaters of 42nd St to prime time television and major motion picture releases all culminating in their primary passion and focus...CHRONIC BLISS. CHRONIC BLISS is steeped in the tradition of such pioneers as David Bowie, Peter Gabriel, Kate Bush, Roxy Music Pink Floyd and like their influences, they have developed over the course of 3 years, a highly evolved, personal style. All this coupled with a visually dramatic stage show make CHRONIC BLISS a unique trip in the realm of modern music today.
