

Mp3 David Rosenbloom & The Outlanders - Music Is

[DOWNLOAD HERE](#)

A singer-songwriter with an intense poetic vision, David Rosenbloom delivers contemporary songs with flavors both old and new rooted in the ageless folk tradition, sparked by modern folk and rock. 12 MP3 Songs FOLK: Modern Folk, ROCK: Folk Rock Details: Singer-songwriter David Rosenbloom crafts original songs marked by a strong and personal poetic vision. After an intense decade-long experimental phase with his bands Chinese Puzzle and the Electric Chorus Orchestra, and performing stateside and abroad with Glenn Branca (with Sonic Youth bandmates Lee Ranaldo and Thurston Moore), he has returned to his folk roots, releasing two albums of original tunes in the past two years, with a third on the way. "David Rosenbloom and the Outlanders prove that there's plenty of rich territory to be mined in the reaches of poetic folk-rock ... it's his lyrics, with their religious overtones and their unsentimental examination of the mysterious human ability to punctuate stretches of inexplicable gloom with flights of spontaneous joy, that place Rosenbloom in the great tradition of the late 20th century poetic masters of song." Jon Sobel for THEGLOBAL MUSE.COM "Real masterpieces! Very expressive Bob Dylan storytelling voice, strong lyrics and a beautiful rootsy sound." Ray Pieters, Radio Milo, Belgium
