A new sound in Hip Hop. Keeping the rugged sound of NY flowing but very original. Feel the new sound of music. Hear your soul. New Artists, New Beats, New Era. 19 MP3 Songs HIP HOP/RAP: Hip Hop, URBAN/R&B: R&B Rap mix Details: It's finally here! DigiSpace Records presents 'Take It How You Want It' - THE ALBUM! It's been a long journey over the last 7 years. From us (digispace) starting to make beats in '97 with an old school computer and panasonic keyboard - to buying real studio equipment and actually making songs with professional artists. So here we are - years and years later - promising everybody we came across on the way that we would put out a CD - but never did. The reason for the delay is our desire for perfection. And NOW we have a product for the world to hear. We are bringing a whole new style and sound to the game. This is something that has never been done before - we crossed the line and are going to make a statement. Our team has some of the most talented producers, dj's, rappers, singers, and poets in the world. We all worked together to put it together. This album has some hip hop/rap tracks, some R&B, some club bangers, and some ethnic influenced beats. The album also has indian, black, white, puerto rican and a whole slew of other ethnic backgrounds as artists. Hear the Rainbow. "Take It How You Want It" features Sundance (BK), ConsPee (BK), Yams (BK), AlleyBoy (Yonkers), Pook Murda (LES, Harlem), Tito (Harlem) , Dubbs Da Dealer (Bronx), Amita (Jersey), Sandeep (NYC), Raja Wilco (Jersey), SPACE (Everywhere), e-NYCE (Jersey), Dr. Dynamite (Jersey).
