They held an international contest to choose six people to be locked on a houseboat for three days to judge nineteen strains of pot. Oh yeah, the whole thing was filmed 24-7 and made into a seven episode TV show called THE CANNABIS CASTAWAYS. Kinda like Survivor meets the Real World meets Cheech and Chong. Jet was selected for his original song and music video SEND ME TO AMSTERDAM. Needless to say....Jet was forever changed. See the whole thing in the High Times film THE CANNABIS CUP. Jet's got 2 songs on the soundtrack. Jet Baker has written and recorded 5 original CDs all about pot. If you puff, there's some Jet Baker music for you. It includes the hip-hop influenced PUFF ON A BIG FAT J, the smooth cool PARTY TONIGHT!, an almost country/rock/rap good time fun of PASS IT TO THE LEFT, Jet's mission statement song STONED FOOL IS OLD SCHOOL, a tribute to Watermelon, the weed diva of comedy and High Times Cover Girl THIS GIRL IS WATERMELON, EVERY NIGHT AT THE MELKVEG, a song about the High Times Cannabis Cup, and of course a Spanglish version of PUFF ON A BIG FAT J, Voy a fumar un greso bate'.
