Moving accoustic music from the soul. (Some proceeds from this cd will go to children in need.) 12 MP3 Songs FOLK: Modern Folk, COUNTRY: Country Folk Details: It was once said of my music "this is moving accoustic folk music." I have since refined at as "soul music" I sing from that place since I live there where soul and spirit mesh. All the joys and the mess. And of course learning a long time ago that you sing from a different part of your brain than you sing - means to me I CAN SING WHAT I WILL NEVER TELL YOU. Twilight to Midnight is an intimate collection of 12 songs from an evening in November. There is a simplicity in Twilight to Midnight since it is a live accoustic recording with some nice back up vocals. These songs were created during those hours of twilight and midnight. Many times sharing them outside with friends on warm summer evenings. Its intimate and its a bit raw but meaningful. Some proceeds from this cd will go to children in need.
