The regrets of wasted years hang heavy in smoky barrooms and the age-old struggle between the darkness and the light plays out underneath neon signs where distorted guitars mingle with pedal steels. 13 MP3 Songs COUNTRY: Alt-Country, COUNTRY: Americana Details: Steeped in the finest traditions of American music, The Beautiful Loser Society inhabits the space in time when Hank Sr. defined country music, and a young truck driver from Tupelo named Elvis was busy laying the foundations of rock 'n roll. While fully embracing these classic musical tenants, The Beautiful Loser Society brings a thoroughly modern perspective to their music. Its a long road from the swamps of the Mississippi Delta to the high desert plateau of Southwest Colorado, but it is rife with the characters and events that inform the songs of Chuck Berry and The Beautiful Loser Society. Snakes and haints and gators and all kinds of evil men lurk in murky rock n roll shadows. The regrets of wasted years hang heavy in smoky barrooms and the age-old struggle between the darkness and the light plays out underneath neon signs where distorted guitars mingle with pedal steels. The music that carries these songs is what gives them power and urgency and brings them to life. In the fall of '01, Barry and multi-instrumentalist Kevin Chelf formed a four-piece and began to spread their own unique version of the music that has given voice to the downtrodden, simple working men and women of this country. In the spring of 06 the Losers added a new rhythm section - Danny Bankston on drums and Mike McCluhan on bass and set about recording their debut album, Aim Low. A roots rock affair, Aim Low combines the grit and abandon of the Losers live sound with the spit and polish of the recording studio. Fiddle and pedal steel enhance the bands straight-ahead four-piece sound on tunes such as the fateful waltz Guilty As Sin and the conflicted two-step Talkin To The Devil, while banjo and slide guitar accompany the listener on the spooky trip to hell that is Swamp Thang. Mixed and mastered in Austin by Dale X Allen and Cris Burns, Aim Low is a

proud debut by The Beautiful Loser Society. People who are interested in Uncle Tupelo Drive-By Truckers should consider this download.
