

Mp3 The Maple Street Project - Attitude On The Street

[DOWNLOAD HERE](#)

Progressive Folk Rock - Original songs with original harmonies. 10 MP3 Songs FOLK: Modern Folk, ROCK: Acoustic Details: THE MAPLE STREET PROJECT have been playing progressive acoustic music for the better part of seventeen years. But it is only since 2003 that our music has been available outside of a live performance environment. THE MAPLE STREET PROJECT is noted for our tight vocal harmonies and original compositions. "Attitude on the Street" was our first CD. Our music is a mixture of myriad influences each member brings to the stage and recording studio. The principle voices include Mel Green (Guitar/Vocals), George Pultz (Guitar/Vocals), Bob Littman (Mandolin/Violin/Vocals) and Eric Luskin (Bass/Vocals). Jim Mavor rounds out the group with percussion and stoic non-vocals (occasional accordion). Each of us has an interesting musical history in his own right. Some will even tell you about it ad nauseam, so it's best not to ask! While we all have day jobs and families, this dream of writing, performing and recording simply refuses to die. Our songs are about "life themes" as well as fun, whimsical slices of life. A performance from THE MAPLE STREET PROJECT will feature a variety of moods and sonic colors and always results in a warm audience response. To book THE MAPLE STREET PROJECT, call Bob Littman at 617-921-1017. Please visit our web site MapleStreetProjector email us at mspcontact@yahooor maplestreet@MapleStreetProject.com
