Power Poppy-Punk tunes reminiscent of "Superchunk making out with Cheap Trick while two-stepping to the Drive-By Truckers." - Motorcityrocks.com 12 MP3 Songs POP: Power Pop, ROCK: Americana

Details: In the tradition of the power-pop trio, 3 longtime Detroit/Ann Arbor Michigan scene vets have joined forces to bring something a bit refreshing to the table - good tunes, catchy hooks and an energetic, tight sound. The Off Ramps are Jeremy Porter (SlugBug, Clashback), Jay Bowes (Culture Bandits, Hoola Poppers, Brooklawn) and Mike Popovich (Holy Cows, 3 Speed, AmericanMars). The sound is a culmination of power-pop hooks and 80's punk energy, with a touch of twang and classic-rock thrown in for texture. Call it Exile on Main Street meets Pleased to Meet Me. Call it I Don't Wanna Grow Up meets Heaven Tonight. Finally! Hate It When You're Right, our first official release, is available. After 2 years of late nights, long weekends, and gallons of caffiene at Ann Arbor's Big Sky Recording Studio, the product is in our hands and ready to make its way to yours.
