Acoustic guitar virtuoso singer/songwriter...compares to Kottke or Hedges, but her individuality is prominent....this is fiery, living music. 21 MP3 Songs FOLK: Folk Pop, POP: Folky Pop Details: Hailing from New Jersey, Vicki Genfan is simply one of the most exciting guitarists around. Featured on Vanguard Records recent La Guitara CD (a collection of virtuoso female guitarists), Genfans dynamic style borrows as much from Michael Hedges and Pat Metheny as it does from James Taylor and Earth Wind and Fire. Playing both original instrumentals and vocal-based material, Genfan uses two-handed tapping, harmonic slaps, and alternate tunings in a style that is uniquely her own. Vicki...has brewed her own style out of wiping chords, airy tapping techniques and a precise melody play that has no name...and creates a new kind of singer-songwriter culture. - Frankfurter Allgemeine Her newest collection, Up Close Personal is a double CD, self-released on her newly formed Harmonic Touch Records, June 14, 2006.
