You are guaranteed a blessing when you invite this dynamic and spirit filled multi-talented young lady to your church or facility. "Check out a little of her story" The story begins in Washington D.C. somewhere around December 1956. I was supposedly given to or left with a lady named Olivia Willie Mae Nelson-Nesbitt whom was supposedly an Evangelist, she was accompanied by a man named Roy Lee Nesbitt, alias Willie Nelson whom also was supposedly an Evangelist. I was lead by them to believe that they were my biological parents. They took my son and left me in the city of Madisonville Ky. As a teenager, after waiting for one year to hear from them, I as a young girl ended up on the streets with no where to go. No family and very few friends due to having been raised on the road moving from place to place city to city and state to state. I was only taken around supposed to be family when I was very small. These were the Nesbitt's in South Carolina. All other times I was left with different church people. I did have the pleasure of being taken under the wing of the Miller Family in Charlotte N.C. whom I consider to be my family now. It was not until my son was taken by this

same lady, that I found out that they were not my parents, and that she had taken me from my parents also. In 1974 I began to search for my missing son whom was just 1 yr old. After waiting and struggling on the streets of Ky. I had him registered with missing children's network and other organizations. I continued my search over about 8 years after which I found Roy Lee's brother in S. C. whom advised me that they were living in Las Vegas Nevada. I traveled to Las Vegas and found Roy Lee, but still not my child. I was told at this time by Roy Lee/Willie that Olivia Willie Mae said she was keeping in touch with me, not true. He also at this same time informed me that they were not my real parents. I went on to continue my search. It was not until June 21, 1994 that I found my missing son. During the time of my searching I also became married and had two other children, whom I always kept aware of their missing brother. The day we were all united together was truly a blessing from GOD. 20yrs of struggling, crying, nightmares, searching and yet the search is not over. I still have a mother and a father out there somewhere. Maybe even sisters and brothers whom I am looking forward to finding some day. NOW!!! To say the least this young lady even has her own TV Talk show titled: The "Wyleaner" Show "Where The Rubber Meets The Road" It airs in Las Vegas now and has been for a little over 1 year on KYRK TV -35 UHF, and we are working on the near future airing in other cities and states as well!
