Makes Capturing Your Visitors Details And Analyzing Your Squeeze Page Campaigns As Simple As Point And Click! You could very well be leaving money on the table... when visitors peruse your sales page and leave without sharing their email details with you. Never Fear! The Simplest, Fool-Proof System For Generating More Sales, Subscribers And Profits For Any Product Or Affiliate Program You Are Promoting Is Here! Its a proven fact that following up with your visitors will increase sales. That has been proven numerous times over eons of testing. The new, and highly effective way of getting your visitor to subscribe to your opt-in follow up email campaign is with squeeze pages (aka NameSqueeze). A squeeze page is a simple HTML page with a subscription box on it and minimal sales copy. When the visitor requests free information from your subscription form, they are taken to your sales letter (or affiliate program you are promoting). You now have their email address to send follow ups to, plus you can personalize your sales letter with their first name, last name, and email address.. The right software will allow you to create multiple squeeze pages, personalize all sales letters, keep track of visitors/subscribers conversion rates, and automate the entire process. With Squeeze Page Manager At Your Fingertips, You

Can: Create an unlimited amount of squeeze pages View how many people visited your squeeze pages. See how many people subscribed to your pages. View the unique visitors to subscribers conversion ratios for each squeeze page. View past months statistics Personalize the after page (ie. sales letter) with the subscribers first name, last name, email address and up to 5 optional fields that you can customize (very powerful!). And much more.. As you can see, this program is fully loaded to completely automate the squeeze page process and instantly start making you money!
