"8 Styles -- 38 Color Schemes -- All Beautiful OpenOffice Writer Ebook Templates!" "Now It's Even EASIER To Generate Stunning PDF Ebook Templates With Incredible Style" Hello Friend, If you're a big fan of the previously released EZ Ebook Template Packages, then I have something you're really going to love. . . . Or . . . If you're just now discovering EZ Ebook Templates Packages, I'll briefly explain to you what they are, what they do, and how they can help you reduce your work load as an ebook author . . .

"What Are EZ Ebook Templates?" EZ Ebook Templates are just what they sound like. They are ebook templates specially formatted to work inside of OpenOffice Writer to create PDF ebooks with loads of style. Unlike Microsoft Word templates that can be void of color, hip styles, and are more difficult to work with, EZ Ebook Templates have plenty of fresh colors hooked up with the latest styles and are easy to work with. The only drawback is you have to have OpenOffice Writer. But, the upside is that OpenOffice Writer is 100 free to download! You might be thinking. . . "Are they really that easy to use?" I think so. And many other people do too. What could be simpler than adding your own unique ebook content and hitting a "create PDF" button without all the headaches of creating your own snazzy looking formats? Other than me coming to your house and doing it for you, nothing! "What Do EZ Ebook Templates Do, Or, How Do They Work Exactly?" EZ Ebook Templates give you the opportunity to create PDF ebooks that look completely professional. But without all the head pounding hours of work. To use them, all you need to do is open up one of the specially designed .ODT files inside OpenOffice Writer and add your content. You can make changes to the text colors, the fonts, the line spacing, the backgrounds, anything you can think of, or know how to do. If you can use OpenOffice Writer, then you can use EZ Ebook Templates. Once you discover how truly easy it is, you will never go back to bland looking PDF ebooks again. "How Can EZ Ebook Templates Help Me And My Online Business?" Hiring someone to create a custom ebook

template for you can be extremely costly. But doing it yourself can suck up huge chunks of your time. Then you're left figuring out which is more important to you, your time, or your money? When you pick up a copy of EZ Ebook Templates, you'll never have to pay someone to generate a custom ebook template for you since you'll have plenty of colors to choose from in any EZ Ebook Template Package. You pay once and have the ebook templates to use over and over again anytime you need, or want one without taking up chunks of your precious time. EZ Ebook Templates will save you precious time and money.

"What's So Special About This EZ Ebook Template Package Then?" Frankly, I'm glad you asked. But, rather than just tell you, let me show you what makes EZ Ebook Template Packages so special. Let me give you a quick example of what your ebooks could look like if you used just one of these stunning OpenOffice Writer templates for your next project. . . . First. . . Here's what a normal, non formatted PDF ebook made in OpenOffice Writer looks like: (Hint: That's also what a normal, non spruced up Microsoft Word ebook looks like too!) Do you know how difficult it is to keep your readers attention with something like the above example? Heck, even printed books have illustrations. And some of 'em even have color too! It's important for your readers to offer them an ebook product that isn't devoid of color. But just enough color, you don't want to go overboard with them and completely distract your readers from the all important content of your ebooks. EZ Ebook Templates can give you that ability. Now, Here's what a pre-formatted PDF ebook made using the EZ Ebook Template inside this incredible package looks like: See the difference?! Amazing, right? But, that's not the only thing that changed with this template. How about a table of contents that links directly to the actual chapters in the ebook? Okay, how about this. . . Now, how about a screen capture showing you preformatted chapters of the ebook you could create using just ONE EZ Ebook Template. . . Of course, the actual ebook template graphic looks much clearer as you have to account for the screen capture tool pixelization. But . . . Isn't that 100 times better than a plain, old, boring, ebook layout? Of course it is! EZ Ebook Template Packages Can Also Give You A Super Fast "Head Start" On Creating Your Own Unique Ebook Designs With Just A Little Bit Of Effort The very best part about these templates is that you can change them completely to fit your own style, and the style of your ebook content! In fact, there are a total of 8 different exciting styles, and 38 different color schemes, you can mix and match different elements to generate PDF ebooks that are uniquely to you quickly and easily. These templates are ready to 'rock -n- roll' for the Summer season with bright colors and pleasing Summer themed elements. Here are a few of the graphic elements included that you can

'mix-n-match' inside your OpenOffice Writer ebook designs: Cool, right? :-) And, believe me when I tell you that the above extra elements are worth the cost of the package alone! But hold on to your hats. . . . Because there's even MORE! How about some custom designed horizontal rulers you can use to separate your ebook content with that will look great on any color background? Okay, check these out: And here's a few more that are perfect for white backgrounds (which most ebooks have): But, why is it so important to have custom horizontal rulers anyway? Good question! Here's the answer: Because OpenOffice Writer doesn't have too many good looking horizontal rulers that accompany their free software program. So, you may just want a little more variety. And, since all these horizontal rulers are graphic images that come in either .jpg (.jpeg) or .png format, adding them inside your ebooks is really simple. With EZ Ebook Template Package 4, you will receive 38 smokin' hot .ODT ebook templates, in 8 easy to edit styles. Now, you may be wondering. . . . "How Can There Be 38 Different Ebook Templates If There Are Only 8 Different Styles???" Again, another terrific question! Here's the answer: Because most of the 8 styles have their own unique color schemes. And, instead of you having to generate your own ebook templates using the different color schemes and just one central "style" ebook template, I've done it for you. Which produced 38 .ODT ebook templates. So, in all reality, you'll receive 38 ebook templates inside this one package you can use yourself, or resell to your customers either in this package as a whole, separately, or even make up your own unique packages and resell them.
