A college student moves in with his mothers best friend, who quickly realises she has found the sex-slave and household servant she has sought for years. As far back as he can remember, Barry Croft has fantasized about his mothers best friend, RoseAnn Perez. Now eighteen and off to college, Barry finds himself sharing an apartment with the tall, assertive woman in the high-tech circus of 1980s Silicon

Valley. No sooner has he arrived in California than his burning sexual interest reveals itself in the most humiliating manner possible, a spontaneous orgasm in her presence. RoseAnn takes it in stride and leads him into a life of thralldom, training him step by step as her sexual slave and domestic servant. Age difference is no barrier as RoseAnn finds the devoted lover shes sought since her divorce, and Barry finds unexpected gratification in service to a beautiful, selfish woman. Into this mix comes the redheaded student Gloria, who aggressively pursues Barry and shows every sign of being as dominating as RoseAnn herself. Barry must decide between them. Or must he? WARNING: Story contains scenes of an explicit sexual nature.
