Pop folk, raw emotions worn on her sleeve, debut cd, excellent production and intensity 12 MP3 Songs  
EASY LISTENING: Soft Rock, POP: Power Pop Details: Colleen Coadic's voice carries an intimacy that makes my heart ache. The voice is both fragile and strong at the same time. Even when the music is nakedly arranged, the voice burns irresistibly. Anders Ekdahl, Snurr fanzine, Sweden If you like female vocalists like Jewel, Joan Osbourne, Melissa Etheridge, Stevie Nicks, and Sass Jordan, you'll like Colleen Coadic. -New Rock Review This cd is a really excellence... Vocally Colleen is some were between Lisa Lobe and (L7 chik). Song writing is only one of Colleen's brilliant abilities, she produced, arranged, and performed almost entirely the whole presentation. Musically I would have to place "Say Anything" under the term Commercial Pop Rock or College Material. -Chemical Peel
