Inspirational jazz with a bit of funk. One the best combinations ever. 12 MP3 Songs JAZZ: Smooth Jazz, JAZZ: Jazz Fusion Details: I began playing at the age of 9, on an old upright piano left by previous tenants. I started my career with various bands in the Detroit area playing R&B, rock, techno, and jazz. I admire the work of Prince, Pat Metheny, Nelson Rangell and various techno artists on the record label 430 West. My musical style is a mixture of jazz, funk and techno loaded with keyboard solos and beat tracks by Vincent "AudexV" Grant. I want my work to provide thought and capture your imagination.
