[DOWNLOAD HERE](#)

A driving, up-tempo, traditional American mountain music collection. 21 MP3 Songs FOLK: Traditional Folk, COUNTRY: Bluegrass Details: Joe Jewell has been performing on the hammered dulcimer for over 20 years, and has been playing at the Ozark Folk Center for 15 years. This album is a collection of tunes found in the Ozarks and Appalachia that were part of a fiddler's repertoire before WW11. There are some peppy waltzes and 2-steps, but most of the album is good hoe-down music to tap your feet to or just get up and dance.
