Details: Born October 28th, 1999, Kelly Crook is the youngest of three children. Kelly has two older brothers, three dogs, and currently resides near Dallas, TX. She is in the third grade and has always wanted to sing and act, a natural performer; Kelly loves the spotlight and is completely at home on stage. Kelly has performed locally in and around Dallas since the age of six. However, it was after being discovered at a model talent convention that she began branching out nationally with performances at the prestigious Hollywood Live event and the Annual L.A. Music Festival, both taking place in Los Angeles. Additionally, Kelly recently completed work on her second music video, Can't Stop, which is an up-tempo track aimed at the explosive Disney/Teen Pop craze. The video features a real-life chimpanzee as well as sponsorships with Essie Nail Polish and Mary Kay's new line aimed at youth. More recently, Kelly was a featured performer on the debut episode of Pop Rocks teen celebrity TV show and magazine. As if that was not enough to keep the little dynamo busy, this past December, Kelly flew to Minneapolis, MN to perform at a charity event for the Bush Orphanage. The holiday fundraiser helped bring in thousands of dollars worth of toys for the children of the orphanage. Now only 9 years old, Kelly just completed work on her first full-length CD entitled No Ordinary Girl. The first single, "Can't Stop", has already garnered attention from numerous radio stations around the country. With the help of top record promoters in the industry, it is expected to be featured on Disney's incubator. The majority of the album was produced and written by long-time collaborators Kazual and Oryon, a former teen pop star. The CD also features songs by world famous producer Andrew Lane - producer of High School Musical, Ashley Tisdale, The Clique Girls, and many more. Tags: pop
