Composed and performed mostly on handheld digital devices triggering analog synths with layers of guitar , saxophone and brooding vocals. 12 MP3 Songs ELECTRONIC: Electro, AVANT GARDE: Experimental Details: Ksine's "99" album (nicknamed 'red window')marked Jeremy Kolosine's growing obsession with digital handheld compositional tools and stylophones. This album was composed entirely on such devices , also triggering classic analog synths ,then adding traditional instrumental and vocal arrangement. The album emerges as a dark electro-lounge opium-den album. BIO: KSINE is composer/instrumentalist Jeremy Kolosine. After moving from London to the Miami area, he founded the early '80's electro-punk group FUTURISK (1979-1984) and put out two 7 inch vinyl releases. In the '90's he was synth/guitar/vocalist for the experimental shoegazer group SHAKESPACE and released 3 CDs. In the early 2000's, KSINE released a full length CD of solo electro-lounge songs and 3 instrumental ambient CDs. In 2003, RECEPTORS was formed to concentrate on creating music video using various 4 and 8 bit sound chips(using Gameboys, Ataris, NES, Commodore 64, and circuit-bending.) Receptors released a 7" vinyl split EP with side project Mommy Was an Asteroid (MWA) in 2005, and in 2007 MWA released a 10 track gameboy album on Germany's Retinascan label. Also in 2007, 8-BIT OPERATORS - An 8-Bit Tribute to Kraftwerk , a various artists project spearheaded by Jeremy Kolosine, was released on KRAFTWERK's U.S. home label, Astralwerks. People who are interested in David Bowie Brian Eno Scott Walker should consider this download.
