It took me a long time to describe this collection of songs. The album that I now call Voyage. This is not your ordinary commercial album. I am fearless to say that I created this because I lost someone that was very special to me. I lost someone that I loved. It is not until I began to realize that I have to face the end of the relationship like Death. To me, it was a tragedy. I was completely lost physically, emotionally and mentally. Life has given me another chance. It is amazing how we hold on to our memories. I am human after all. I live and love. I win and lose. This is a musical project that started about 4 years ago. Somehow, I felt that it may be therapeutic for me to release my emotions through music. Whether it has helped or not, I want to say that all the songs are very close to my heart. I hope that through my voice and my music I can touch your soul. When you decide to listen to the album, Treat it like a film. Play it from beginning to the end. The Voyage Album features the single "Close To Me" and "Fly Again Bonjour" which is part of an additional soundtrack from the film Systolic directed by Fabien Hameline that was featured in the 2008 Beijing Film Festival. This is my story, when you are ready... Listen. The Voyage Album will never be possible without the undying support of the following people. Thank you so much! (in no particular order) AJ Catalano, Coco Alinsug, Celeste Dye, Charles Wheat, DJ Domino, Dr. Lavesque, Fabien Hameline, Gerard Hameline, Jeremy Boulat, Martha Guzman, Mark Sumners, Mario Galvan, Marty San Felipo, Hector Hurtado, Paul Gaspelin, Quentin Lee, Sebastien Hameline, Sheena Metal, Taylor Johnson, Yulia Medovoy Edelshtain and to my family that sticks around yet doesn't truly understand the complexities of what it is to be Monsieur Vampland.
