URBAN/R&B: Rhythm Blues, HIP HOP/RAP: Alternative Hip Hop Details: Ripping into the musical scene is a talented woman born in South Carolina and raised in Miami, BLAK. BLAK is a multi-talented artist and entertainer that was born in South Carolina and raised in South Florida and considers herself a Miami native. BLAK began writing lyrics at the age of twelve and never imagined that she would later be hired to write and record (voice over) commercials for major clothing lines (FERGO Athletics). What began as a hobby (Songwriting) became her way of life soon after she began adding music to her lyrics. She has a long list of impressive accolades dating back to her pre-teens when she began her professional singing career with national recording gospel choir, The Ingram Singers. During her teen years, she performed and traveled with a female singing group called Vashtique and then moved on to an R&B female group that went by the name of Nu Soul. Not many women can be considered a Prodigy of their City, but BLAK is special and is the answer to all your many questions. Meet BLAK (alto), an attractive Prima Donna whose vocal uniqueness warrants much attention. Shes more than meets the eye! She has a sensual sound with the melodic R&B styling of Alicia Keys, Mary J and Jill Scott. BLAK's music is a compilation of several genres. In it you will hear smooth R&B with Jazzy overtones as she incorporates a melodic, soulful feel Her music is from her personal experiences and written and co-produced by BLAK. This is BLAK's world or as she would put it, BLAK's Box. BLAK-N-Da Box is the name of her 5 piece band (keys, drums, bass, lead guitar sax) with whom she loves to perform covers or create new music. BLAK has an all-consuming desire to deliver that, which only she can deliver in the way that she will deliver. Take a deeper look at BLAK, this dynamic sister brings smooth flavor with her full and well-rounded presentation. You can hear it in the way she talks. She combines the strong, hard-edged, soulful approach of Angie

Stone, Mary J. Blige, Tina Turner, Patti LaBelle and Aretha Franklin. A woman with true identity and more than typical this sexy Diva delivers musical poems with a newfound sense. This lady sings more than the Blues. Everyday a Diva is born in The U.S. Nothing new about an everyday occurrence, but none can be compared to BLAK's R&B, Soul, Blues, Rock, and Jazz, sound delivered in a new soul way. Her goal is to embrace the souls, stimulate minds, and project a constructive image for society as a whole. This young lady is definitely showing South Florida and the world that she is a tour-de-force for all seasons. Let Ms. BLAK bring harmony to your life. The BLAKer the Music, the Sweeter the Sound!
