

## Mp3 Pistola - Gangsta Memories

[DOWNLOAD HERE](#)

Gangsta Memories is a collection of past experiences brought to audio cd and knockin' ya speakers at the same time. And let me just say, any album on here from Outlandish Records or NMP-86 Ltd. Co. will always have the hottest tracks on here. 15 MP3 Songs LATIN: Latin Rap, HIP HOP/RAP: West Coast Rap Details: PISTOLA Thoughts of candy coated '68 Impalas flippin' switches cruising the broad palm tree lined boulevards of L.A. come to mind when thinking of life on the west coast. Musically speaking the classic penned hits of Dr. Dre, NWA, Eazy E, Ice T, and others have set the tone, musical psyche, and have left their impressionable mark in the music industry in the late 80's to mid 90's. Adding to the landscape of west coast hotness Pistola carves his own niche in the rap genre, showcasing his ambidextrous prowess and spitfire delivery. Inspired by the likes of other hip hop greats, Ice Cube, Tupac, E-40, Pistola launched his musical pilgrimage in the early 90's simply as an extracurricular activity, an L.A. native who grew up in the heartland of the Southwest, Oklahoma City. Dubbed "Pistola" as a child and called "the realist vato" by his peers Pistola explains the meaning of his moniker, "People used to call me "Pistola" all the time as a kid - and as I grew up and started rapping the name was just a play on the word pistol - people say my style is hard hitting like a pistol." Seriously focusing on the launch of his career in the late 90's Pistola recorded his debut effort, 'Gangsta Memories,' with the help of emerging yet experienced producer extraordinaire, Nut-P, 'Gangsta Memories' served as a looking glass into the dark melancholy world of Pistola's exploits with gang life, drugs, violence from his past experiences, all of which painted the gritty masterpiece in which captured a fan base in which Pistola relishes in to this day. "Yeah dropping that album was an accomplishment - I really wanted to recapture the west coast's musical reign," reflects Pistola. Creating a modest buzz selling over 2000 copies of his debut effort of dark, aggression, pain riddled club bangin' joints to tracks about personal spiritual gratitude, with the stand out

Westside riders anthem "Asi Ase." Returning with 'Pistol Play' a more radio friendly, club induced, positive/life inspired effort than it's predecessor which is released on the Oklahoma City based Outlandish Records/ NMP-86 Ltd. Co. imprint, Pistola showcases his substantial growth on his new set. 'Pistol Play' serves as an aphrodisiac for those who crave hard hitting beats from an artist who has no qualms about the art of vivid story telling. Possessing an impeccable flow delivery, Pistola invites both new listeners and his already burgeoning fan base into his world of true unadulterated hip hop. More seasoned and drenched with layers of R&B/Soul, Pistola's 'Pistol Play' showcases a more confident artist. lyrically, musically, and sexually speaking. Flaunting his prowess when it comes to the art of "Pistol Play," from the crazy-sexy-cool track "Pistol Whipped," Pistola boasts brassfully about his ability to "turn out" women literally between the sheets, a track hard hitting and tongue in cheek enough to bring you back for more with each listen. Sowing a sense of positive purpose on the shining "The Message: Never Give Up," in which Pistola proclaims that anyone can make it with determination. Showcasing his ability to switch gears in his hot headed ode, "Mad A'Cha," to a relationship on the verge of collapse by betrayal on the piano heavy track "Better Than That," to the instant radio ready smash "Never Love Again," Pistola shows no sign of a sophomore slump with this hard hitting effort that will satisfy the palate of any true hip hop head. Expanding his artistry as songwriter, Pistola co-penned the R&B ballad "Bonita Armida," for his Outlandish Records label mate, balladeer, N-Tense. When asked what he desires to gain from his exposure success, Pistola speaks with serious focused consciousness, "Really I do this 'cause to me it's not about how many people knew my name in the game - it's about how many I am able to touch in the process," says Pistola. With skills that rival surpasses many of his rap counterparts, Pistola his latest offering 'Pistol Play' show prove that the genre style of west coast is far from extinct with a bold ambiance tinged with a sexy confident Latin savoir faire.
