Fragile/moody stripped down inde-folk strengthened with understated cello, banjo, accordion piano. 11 MP3 Songs FOLK: Modern Folk, ROCK: Acoustic Details: "Anchor Details" is a raw set of home recordings that was recorded in 2002 in an old house with tall ceilings and crooked porches (in Charleston, SC). AD is filled with floorboard creaks, whispers, and cars passing by on rainy streets. These sounds seem appropriate in this raw nostalgic album of songs about the sea (Alaska) and other relationships. The album's honest lyrics are backed by stripped down guitar with subtle support by cello, piano, banjo, and accordion. Imagine the Black Heart Procession (2) mixed with a stripped down Arab Strap and the lost soul romanticism of an early Tom Waits. Quintin Nadig's new album "slip songs" is scheduled to be released early 05 on Arbouse Recordings. QN is currently land-locked in Chicago, IL.
