

The Blood Of The Conquerors - Harvey Fergusson

Whenever Ramon Delcasar boarded a railroad train he indulged a habit, not uncommon among men, of choosing from the women passengers the one whose appearance most pleased him to be the object of his attention during the journey. If the woman were reserved or well-chaperoned, or if she obviously belonged to another man, this attention might amount to no more than an occasional discreet glance in her direction. He never tried to make her acquaintance unless her eyes and mouth unmistakably invited him to do so. This conservatism on his part was not due to an innate lack of self-confidence. Whenever he felt sure of his social footing, his attitude toward women was bold and assured. But his social footing was a peculiarly uncertain thing for the reason that he was a Mexican. This meant that he faced in every social contact the possibility of a more or less covert prejudice against his blood, and that he faced it with an unduly proud and sensitive spirit concealed beneath a manner of aristocratic indifference. In the little southwestern town where he had lived all his life, except the last three years, his social position was ostensibly of the highest. He was spoken of as belonging to an old and prominent family
