WordVertiser "Are you building links to your sites and helping your subscribers to build theirs?"....NO? Then check out the newest rage on the internet... WordVertiser Watch as WordVertiser Builds LINKS to Your Niche Sites, While Selling Words That Can Create Hundreds of Revenue Streams.... Introducing the WordVertiser Software to Put Your Income Into Overdrive and Help Your Subscribers to Build Traffic to Their Web Sites! How would you like to make your members' traffic building more fun? Maybe even create a buzz site on astronomy, ebooks or your new Adsense site? Well now you can with the WordVertiser Script. This simple software plugs into your hosting account's mysql database and allows you to "sell" or give away words to your subscribers that will link back to their own sites. Imagine the link building you could offer to your members... charging them to join one of your membership sites and then offering them a discounted rate to place a link on your word link site, or you could charge them the average going rate of $50 per word like some of the "Big Names" do with similar scripts! Think about the income potential here.... Just a link site with only 150 words can make you $7500 and that is without charging more for upgrades like color, bold, italics etc...the possibility for your income is HUGE!
