

God's Day Off - John Smale

God is said to have created everything in six days. He is said to have rested on the seventh. These times are metaphors for aeons. Perhaps the seventh day is still happening, and that God is still resting. Is it possible that man has set his heart on destroying everything that was created while God's back was turned in the name of religion? The-choice is simple, either we clean up our act before "Monday" morning or we tempt a fate that is unthinkable. This irreverent and sexually tinted novel follows the-change in a man when he meets somebody who has adopted an illicit way to bring about changes in the corrupt hierarchies of Government, business and religion. This-book will entertain you...and it will make you think...and it will make you laugh...and it will make you scratch your head...and it will make you look at the world in a different way. A must for anybody who cares. Author: Smale, John Publisher: emp3books
