It is nothing short of a miracle that Brandy is even here to tell her story. She tells every brutal detail with brutal honesty. Brandy Li was six years old when she witnessed her father murder her mother. Dont worry, he told me, says Brandy Li, hed go get me a new mommy. When he was arrested, I was forced from one turbulent situation into another. Born to teenage parents in Chattanooga, Tennessee, nothing about Brandy Li's life was easy. After her mothers murder, she lived with her fathers alcoholic mother, but was never wanted. She was permanently kicked out at age 14, when her uncle tried to rape her and the rest of the family blamed Brandy Li. After that she was shuffled around between friends, relatives and strangers until she settled with her mothers mom. My Momma Jolley saved my life, recalls Brandy Li. she nurtured me and showed me there was an entire world out there. She gave me the strength and courage to salvage my existence. Still, the road ahead was not easy. Shortly after graduating from high school, her aunts new husband attempted to rape her at gunpoint. Brandy Li stood up to him. I was tired of being victimized, she says, and I was finally old enough to do something about it. Well, youre gonna have to shoot me first, I answered. When you got nothing to lose, youd be amazed how un- afraid you become. After that, I ran like my ass was on fire. I knew I had to get out of there. I moved to Miami and never looked back. Brandy Li brings the same fearlessness to her music, but if it had been up to her family, she never would be doing it. She attended mostly black schools and rap came into her life in the second grade. When I started listening to rap music and rapping at home, they totally freaked! Brandy Li recalls. By the fifth grade I was hiding out in my bedroom and writing

my own rhymes. I listened to a lot of Sir Mix-a lot, NWA and Eazy E growing up. Eazy E was my favorite. Despite the insanity going on all around, Brandy Li kept her wits about her. She managed to graduate high school, despite being bounced around her entire young life. She thought that education would be her way out, not rapping. Besides, white girls don't rap! I fled to Miami to find myself again, Brandy Li recalls. I thought I could outrun my demons, but they followed me around everywhere I went. I was empty inside. Broken and lost. Then, one day at work, she heard Hello My Name Is by Eminem, and she found herself inspired to write again. Slowly she began getting back into it. Before long, she was in Los Angeles rapping and doing shows! It was at her first show, opening for George Clinton, that Union Avenue Entertainment discovered her. I was nervous as hell, Brandy Li recalls. When my turn came up I got on the mic and ripped it. I don't know what came over me! It was like I was standing beside myself, just watching. Also watching was Jeff Campbell, Union Avenue Entertainment's Executive Vice President of A R. He liked what he saw and heard. He made sure that she didn't get away. While other labels tried to get Brandy Li to change what she did, Union Avenue encouraged her to let it rip. I don't care what color she is, says CEO Ulysee Carson, she's the real thing. She goes out there and lays it right out on the table. Union Avenue sent Brandy Li back to Chattanooga and hooked her up with some record producers. What was supposed to be a demo turned into Brandy Li's debut album. Ulysee Carson was my last hope in hell, Brandy Li says. Jeff and Ulysee believe in me and what I do. What she has done is record a remarkable debut album. Nothing To Lose is a powerful dose of bitter honesty and painful truth, told with unexpected insight and clarity. I'm from the dirty down side of Tennessee. There's ten million more slum babies, just like me. It's sorta like a pit fight from the day you arrive, Nobody give a damn if you live or you die.
