[DOWNLOAD HERE](#)

Ernie throws down a soulful, R&B/gospel-infused sound that reminds us a little of Sam Cooke. He can croon, and he can burn; his lyrics are inspirational, and the studio band for sure isn't bad. 7 MP3 Songs

GOSPEL: Contemporary Gospel, BLUES: Rhythm Blues Details: Songwriter and singer Ernie Capers is at work receiving powerful music with roots in gospel, Motown R&B, and soulful rock. Ernie is inspired by the idea that music comes "to us and through us". Ernie considers himself not the author of his music, but the channel for it. Its a refreshing way to look at creating music, and a powerful idea to begin with. As each of his original songs unfolds, so do the amazing messages contained in Ernie Capers inspired music. Ernie says: "We have just a few minutes in a song to deliver a message, and this is what we want to say." Ernie discovered music as a child, singing and performing with groups in school and at church. He has performed as lead and as backing vocalist in church choirs around the Miami-Dade community for over thirty years. He has earned a reputation as a talented and powerful singer not only for his musically expressive singing, but the powerful messages in the music. Ernie has released a CD of seven original songs, available here at CDBaby. For more information on Ernie, and a glimpse behind the music, please visit our website at workshopmusic.com. ###
