Details: Originally from Halifax, Nova Scotia, Canada, I started off as a voice and theatre major in University. However, I ended up going on the road for the next twenty years being the lead singer in various groups and touring parts of Canada and the U.S.A. performing most genres of music. While singing country music, I won a talent search in my home province and recorded two singles, both of which did well on the Canadian country charts. Also at that time I co-wrote a song called "Was It Easy" which was number 11 on the Canadian country chart for the year 1986. Wanting to pursue my songwriting, I came off the road in the early 1990's and settled in Southwestern Ontario Canada. During the next few years, I taught my self to play piano and in 1996 released my debut CD "The Heart and The Mind". The first single off the CD, "A Song For Lorian "was well received by radio and got an honorable mention in the 1997 International Unisong Contest. I am now receiving internet and community radio airplay in the following countries : Canada, U.S.A., Costa Rica, Argentina, Australia, Japan, England, France, Belgium,Spain,Italy, Russia,Serbia and Montenegro. In May,2003 I signed a deal with the Higgins Music group out of Nashville.They promoted and tracked my song "You're My Addiction" off of my debut CD "The Heart And The Mind" to 2,200 commercial country radio stations across the U.S.A.,Canada and all of Europe.This song was well received and garnered me a music award nomination for Best Female Singer in the King Eagle Music awards held in Nashville on September 27,2003.However, I did not win but I felt honoured to be nominated. For all of you Canadian fans my CD is also available in most major retail stores such as HMV and Chapters. I perform mostly around Southwestern Ontario and I live in the country with my husband Mark.
