

Mp3 Mathias Grassow - Dissolution

[DOWNLOAD HERE](#)

Reissue of long sold out, classic album from 1999. Re-mastered and re-designed 6 MP3 Songs in this album (73:50) ! Related styles: ELECTRONIC: Ambient, ELECTRONIC: Soundscapes People who are interested in Steve Roach Robert Rich Klaus Wiese should consider this download. Details: Dissolution is the ground, a below zero, where everything stands still for a while and the wheel of life stops for a moment. This work is my personal musical realisation of the 'deepest night of soul' . It was made with electronic equipment and some streams of Bow-Chime, Up-Right, Glass-Harp Most interesting piece is PLUTO. That was a channeled weird thing, through a night session in 1989. I remind the strange 'space' around this track and the altered state while playing..... (Mathias Grassow)
