I totally love the Deconstruction album - playing it for everyone - Feelgood Rap - I'd like to buy a bunch of albums, say about 9 - Keep on sayin it like it is, brother - Eliot, virtual geezer fan. 7 MP3 Songs HIP HOP/RAP: Hardcore Rap, SPOKEN WORD: Poetry Details: Aloha - Maxxu Nimbus here. I have been in a Mystical School for the last 35 years and have spent the past 10 years in the Monestary. Upon coming out into society I feel it is totally necessary to get a direct, positive message out into our populace to help stem the flow of negativity reaching into the many segments of our glorious society. My new sound, Geezer Rap, blends the wisdom of a person who has lived through being born in a small town in North Dakota of 220 people, went to Vietnam as a Door-Gunner and Crew-Chief on a Helicopter Gunship, hitch-hiked all around the US, been in every state in the US and 27 foreign countries, has been rich and poor, and who, after having his first child at 50, sees it is time for truth, light, and love to permeate out into our culture so that we may change our ways before we all go boom! Geezer Rap is a 'New Sound' which couples in-your-face Wisdom with a funky beat so you can listen or dance or both. I offer this CD for the benefit of all and the realization of Humanity-One. Geezer Rap will find a place in anyone's collection of music if they are interested in going forward rather than being satisfied living in the negative past with only a chaotic present to look forward to.
