Sparse but melodic ambientscapes 7 MP3 Songs ELECTRONIC: Ambient, NEW AGE: Ambient Show all album songs: Connection Failed (Unfinished Works) Songs Details: These 7 pieces were originally created as backing tracks for various collaborations between 1997 and 2006 that, for one reason or another, never came to fruition. Having all but forgotten what I had recorded, I recently came across the masters and decided to give them a listen. To my surprise they seemed to have a life of their own. Where I expected to find arid, empty passages I found ambient oases brimming with imaginary instruments. Sparse perhaps but proving, once again, that less can often be more. I hope you enjoy them.
