BIO: "Saved at the age of seven, I have been in music since I was only five years old. The music that the Lord has given me has many flavors. Ranging from modern to traditional, American to ethnic each song has its own unique sound. In each you can hear a range of influences. From Classical to Jazz from Billy Joel to Rich Mullins Caedmon's Call they all end up in the music. This gives each concert a fresh feeling keeps the interest of those attending since very few of the songs sound alike." COMMENTS: "You know there is a connection between Roger and the Spirit by his focused lyrics and music. He has a way of drawing you into that same zone and you find yourself before the Lord as well." -Nancy Sheets, Manager The Upper Room "Roger Buzby has a rare combination of raw musical talent spiritual insight. He is very concerned with maintaining the right attitude of humility concerning himself and his music. Our church has greatly benefited from his giftedness as he has led worship for several years now. We thank God for the blessing that he is to us!" -Pastor Tyler Lynde, Faith and Victory Church "Roger Buzby was used by God to lead our congregation in sincere worship. His willingness to not simply entertain, but himself join in worship, encouraged others to worship God. He had an evident compassion and concern for souls, and his music portrayed that with meaningful and arresting lyrics. I recommend him to any church desiring a Scriptural and God-focused worship service, for Roger is someone God has obviously called to lead in this ministry." -Pastor Rodney Friend Family Worship Center Church of God Augusta, Maine MINISTRIES
