I was inspired by my own children to write music that is more natural than commercialized. Half the songs were written by myself (one with my daughter of four), and some revisions on classics like Old Macdonald. 13 MP3 Songs KIDS/FAMILY: Children's Pop, FOLK: Gentle Details: All Together Now is filled with classic childrens songs and some entertaining originals. Tim Garner takes his 20 years of songwriting into a new area, children's music. Inspired by his children's love of music, All Together Now is a project done for the enjoyment of his children and their friends and classmates. His 4 year old daughter even contributes her own words to Nighttime to Morning. If you like the work of artists like Raffi and other acoustic performers, this is sure to make you happy!
