Classic pop,R&B with some real punch on this album. 10 MP3 Songs POP: Today's Top 40, URBAN/R&B: R&B Pop Crossover Details: Walter Perry adds some real punch to his second release "Pretending". The album has some nice dance tracks to it , but Perry has stayed true to what he does best by delivering some hot,sexy songs as well as the bass infested dance tunes. "Pretending" is truly a giant leap for Walter Perry as this album really takes off by track 3. The title track is about a day dreamer who has their heart set on someone they might think is "out of their league". "Is It Over?" is one of the best songs Perry has ever done as it talks about last chances with a loved one. And what do cross-dressers do durring the day? The song "You're A Freak" tries to give us an idea. "Seems Like The First Time" is a beautiful, deep bass lovers song that's over 6 minutes long. This album also adds a touch of jazz as Perry teams up with local artist Camille Stelmachowicz on the song "A Break From You". This song is a real Gem and is a remake from Perry's first album "The Great Night Love Affairs". Walter Perry is a 32 year old singer/songwriter from Milwaukee, Wisconsin. He is also the producer for local pop artist Tiffany Wells and rap artist Big Natey.
