Well, along with the positive, theres a also a dark-side many blog owners face... How In The World Do You Find The Time To Keep Them All Updated? Writing content is hard work! First, youve got to come-up with a topic your audience wants to hear about (which often leaves you staring at your computer, wasting your time, while you wait for a good idea to hit). Then, it takes hours to create good content that your readers find valuable. And, if you dont feel comfortable writing, then some posts might even take all day to create! This leads most to commit blogicide and abandon their blogs. Sure, its easy keep them updated for the first month or two. But, then new projects come up and the excitement declines for the old. If You Have Multiple Blogs, Then Constantly Updating Them Makes You Feel Like You Never Get To See The Light Day! Instead, you have to work around the clock... missing opportunities to spend time with your families and friends... as well as, new business opportunities that have the potential of doubling your current monthly income!
