

# The Cambridge Companion To Recorded Music

[DOWNLOAD HERE](#)

From the cylinder to the download, the practice of music has been radically transformed by the development of recording and playback technologies. This 2009 Companion provides a detailed overview of the transformation, encompassing both classical and popular music. Topics covered include the history of recording technology and the businesses built on it; the impact of recording on performance styles; studio practices, viewed from the perspectives of performer, producer and engineer; and approaches to the study of recordings. The main chapters are interspersed by 'short takes' - short contributions by different practitioners, ranging from classical or pop producers and performers to record collectors. Combining basic information with a variety of perspectives on records and recordings, this book will appeal not only to students in a range of subjects from music to the media, but also to general readers interested in a fundamental yet insufficiently understood dimension of musical culture. Publisher: Cambridge University Press Illustration: N Language: ENG Title: The Cambridge Companion to Recorded Music Pages: 00380 (Encrypted PDF) On Sale: 2009-11-26 SKU-13/ISBN: 9780521865821 Lib Category: Music - History and criticism Lib Category: Sound recording industry - History Category: Music : General
