Skye is dead, victim to a raging river. In the year since his violent death, Aileen has made peace with what she had a hand in and is moving on. But forces from deep underground have taken control of Skye's spirit and turned him into a wolf-a predator who remembers little except lust and need. He stalks Aileen in the wilderness, coming closer, driving her to the ground. She will submit. And when the claiming is complete, he'll force her to tell him how and why he died.
