Covered in goo and nearly dead, Daphne is rescued by a big brown bear named Alex, from the bottom of the Klamath River. And so begins a beautiful interspecies relationship [encountering danger at every turn]. The Misadventures of a Canada Goose is transformed before your very eyes. Set in a magical forest where humans and all creatures are able to converse and interact depicts where land and aquatic creatures dwell. On land we find a five year old boy, Terry, who is unable to hear or speak at all, coming with his parents to Klamath Falls for holiday when he meets an accident, bringing together the inhabitants for one cause, save Terry... Oliver, the owl, enchants the forest with his magical powers bestowed upon him centuries ago from the ancient forests of England. With a broad sweep of his wing, Oliver creates a world where all creatures talk to each other. In the process of finding and saving the young boy, land-lovers meet with aquatic creatures joining forces in the cause. After a fruitless search for Terry on land, the team of Benny the Beaver, Alex the Brown Bear, and Daphne the Canada Goose, turn to underwater searching introducing the arch villain, Quillpin the Sculpin, feared by both aquatic and land

creatures, and meeting more new friends in the sea. Author: Winn, T.R. Publisher:
