Many others have tried to duplicate what we do, but fall just a wee bit short when it comes to striking design layouts. And with our newest collection, finding the right design is but a few mouse clicks away! Heres what a normal, non formatted PDF ebook made in OpenOffice Writer looks like: Decent enough. Nice, clean layout. But wheres the style at? Ill tell you where, inside our Ebook Template Package. Thats where! Let me give you an example of what your ebooks could look like: See the difference?! Amazing, right! (And, the above design, just like every design inside this outstanding package, is in LANDSCAPE format!! This is a first in EZ Ebook Template package design history!) But, thats not the only thing that changed with this template. How about a table of contents that links directly to the actual chapters in the ebook? Okay, how about this. . . Now, how about a screen capture of the actual chapter? All right, here ya go. . . Isnt that better? Of course it is! But, the best part about each of the 4 included templates is that you can change them completely to fit your own style, and the style of your ebook content! Because each of these unique designs come with their very own .PSD file for editing inside Photoshop or any compatible image editing software program. Making adjustments to get just the right look and feel you want is pretty easy to do when you have a solid format to work with.
