Comes with three BONUSSES! Learn How to Transfer A Wordpress Blog from One Server to Another- Quickly and Easily! As someone who makes a living out of creating and selling websites and blogs, it's surprising how many issues you have to deal with. But one of the biggest of all was transferring a Wordpress blog once I had sold my first one. It was quite a large blog with over 100 posts and dozens of

images. The thought of putting in all the posts manually again really scared me as it would have taken hours to do it. I knew that it couldn't have been just me having these issues, so I decided that I want to help other people who are having the same frustrations. Introducing: How to Transfer a Wordpress Blog Quick Start Report and Video Tutorial! I recorded the exact steps you need to take to transfer a blog and also detailed all the steps in an easy to follow .pdf report. I'll literally take you by the hand and show you EXACTLY what to do step by step. In just a few minutes from now, you'll have all the details you need to transfer your first blog. This will not only help yourself if you need to move a blog onto another host but will also make you look very professional to your buyers if you are selling your blogs! Here's just a few of the things I cover in the tutorial: * What you need to do even before you think about moving your blog. * How to set up a new MYSQL database the EASY way. * What files need to be moved and exactly how to move them. * How to guarantee that the blog connects to the database to avoid errors. * The crucial checks that need to be done once the blog has been moved. And lots more!
