

Mp3 Don And Karen McNatt - Better Late Than Never

[DOWNLOAD HERE](#)

When two respected songwriters get married and starting traveling together, the results are great love songs, duets, and material that especially fitting for the Baby Boomer Generation. The title song is an anthem for great love later in life. 13 MP3 Songs COUNTRY: Contemporary Country, COUNTRY: Americana Details: Don and Karen McNatt - Better Late than Never There are CD's out on both of these performing Singer/ Songwriters, but they fell in love, got married, and travel playing together most of the time, so it seemed time for a CD with both artists. For those who asked for such a CD, at live venues, we appreciate your input. This is for you. While it does have cuts that are on CD's of both artists, most of the songs are new for this project, and the title song tells it all. The McNatts have found love, harmony, and an audience for their music later in life than some others, but they are having a great time and it shows on this CD. Baby Boomer websites can point to this couple as poster children for enjoying life and making great music after your troubling teen age years. The couple has playing in London, Berlin, Bermuda, Mexico, around the USA, and the world. At this stage of life, they plan on taking a full touring schedule to support the 4 current CD's, and for shorter runs, take a travel trailer, marked on the side "Have Songs, Will Travel", which will be the theme of the coming tour. They love to hear from locations around the world, that would enjoy having them come to play. Don has a long career in entertainment, and hosts a local television program in Nashville, called "Writers in the Round, with Don McNatt and Freinds". Karen was recently honored to play "Good Morning to your Angel", from this CD, for the Convention of Marine Parents, held in Anaheim, California. This song was written in support of her son, Barry, while he was serving as a Marine in Iraq. It is a heartfelt prayer for the safety of those in harms way, and has been forwarded via Email, and home burned CD copies, through every rank of the Marine Corps, and to some of their families. For more information on these performers, their schedules, and their music, see the

information with Don McNatt - "The Dog in My Dreams", and Karen McNatt "Sweet Lovin' ", also available on CD Baby.
