Danceable Folk / Rock Blues 6 MP3 Songs EASY LISTENING: Love Songs, FOLK: Modern Folk Details: Nashville is a great place to make records. I am very fortunate to have met the Mark Sorrells Trio at a local club close to where I live. Mark can play anything with keyboards and has a great ear for the right sound at the right time. Gene Ford is an absolute guitar master, and Dave Dunseath is the most original drummer I have ever heard. Along with Charlie Chadwick (probably the best bass player in Nashville), and the delightful Counce sisters, it is my pleasure to offer these songs to you. I hope you like them, and I am working on some more. Thanks. Gary Farrar PS. Set your player to "LIVE" and T-BASS in the middle. Check out Mark at marksorrells.com Also a special thanks to Adam Hatley for mixing it all together.
